## **Product Information**

### ***GolfLogix GPS-8 powered by GARMIN Retail \$299.99***

Knowing accurate distances on the course will increase your shot confidence, enhance your golfing experience and actually lower your scores. GolfLogix GPS continually calculates and displays distances to the front, center and back of every green along with bunkers and hazards; all on a large, easy-to-read screen and without ever having to press a button. Manufactured by GARMIN, a world leader in GPS technology, GolfLogix is the most precise, durable, and user-friendly golf GPS on the market. Simply connect your GolfLogix GPS to your personal computer, download up to 20 course maps in less than 2 minutes, and go play golf! Download your favorite course map for FREE or become a member for a low annual subscription fee and gain access to download over 15,000 courses worldwide.

#### **The Distances Golfer Need:**
